How to Enable Cookies

The following instructions detail how to enable cookies and add Kaltura as a trusted site in order to view PBSC video/audio files. Please locate the specific browser you are using.

**Microsoft Internet Explorer**

1. In the browser, click "Tools" (gear icon or keys: Alt + X) and then select "Internet options."
2. Select the "Privacy" tab.
3. On the Privacy tab, drag the settings slider down to "Medium."
4. Click the button “Sites.”
5. Type “kaltura.com” and click “Allow.”
6. Click “OK” and then "OK" again to close the Internet Options window.
7. Click on the “Refresh” (⟳) button of the browser to refresh the page.

**Apple Safari**

1. With Safari open, click the “Safari” menu option and select "Preferences…"
2. Under the "Privacy" tab, select the cookies' option “Allow from websites I visit.”
3. Close the Preferences window.
4. In a new tab, enter "kaltura.com" to go to this website.
5. Click on Safari’s “Bookmarks” menu option, and select “Add Bookmark…”
6. In the drop-down menu, choose “Top Sites.”
7. Click “Add.” *(Kaltura.com will now be considered a trusted top site.)*
8. Close the tab with Kaltura’s website.
9. Click on the “Reload the current page” (↻) button of the browser to refresh the page.

**Mozilla Firefox**

1. In the browser, click “Open Menu” (≡) and then select "Options."
2. In the "Options" window, select the "Privacy" tab.
3. Click the drop-down box to the right of “Firefox will:” and select "Use custom settings for history."
4. Check the option “Accept cookies from sites.”
5. Click the “Exceptions” button.
6. Type “kaltura.com” and select “Allow.”
7. Click the “Save Changes” button.
8. Close the tab to return to Blackboard.
9. Click on the “Reload current page” (↻) button of the browser to refresh the page.
How to Enable Cookies

**Google Chrome**

1. In the browser, click "Customize and control Google Chrome" (☰) and select "Settings".
2. Select the "Show advanced settings..." at the bottom.
3. In the "Privacy" section, click "Content settings..." button.
4. Go to the "Cookies" section and select "Allow local data to be set (recommended)".
5. Click the button "Manage exceptions..."
6. Type "kaltura.com" and set the behavior as “Allow.”
7. Click “Done” and then click “Done” again to close the Content settings window.
8. Close the “Settings” tab.
9. Click on the "Reload this page" (↻) button of the browser to refresh the page.

**Microsoft Edge**

1. In the browser, click “More actions” (…) at the top right.
2. Click the “Settings” option.
3. Scroll down to the bottom and select “View advanced settings.”
4. Scroll down to view the cookies section and then select “Don’t block cookies.”
5. To close settings, click the arrows (<<) at the top next to Advanced settings.
6. Click on the “Reload this page” (↻) button of the browser to refresh the page.
