How to Enable Pop-ups

The following instructions are categorized by browser. Locate the specific version you are using.

Internet Explorer
1. Open Internet Explorer and click the Tools button, point to Pop-up Blocker.
2. Choose “Turn off Pop-up blocker”.
3. If you see “Turn on Pop-up blocker” do not change this setting.

Mozilla Firefox
1. On the web browser click “Firefox” menu and then select “Options”.
2. In the “Options” window select the “Content” tab.
3. Remove the check mark in the box for “Block pop-up windows”.
4. In the opened “Options” window click on the “OK” button to close it.

Google Chrome
1. On the web browser menu, click on the icon that looks like a wrench.
2. Select Settings.
3. Click Show advanced settings.
4. In the “Privacy” section, click the Content settings button.
5. In the “Pop-ups” section, select “Allow all sites to show pop-ups” Customize permissions for specific websites by clicking Manage exceptions.

Apple Safari
1. On the Safari web browser menu click on the “Edit” and select “Preferences”.
2. In the "Preferences" window select the "Security" tab.
3. In the "Security" tab section un-check the checkbox for “Block pop-up windows”.
4. Close the window and restart Safari.
